

# Flashpoint Firehose

Powering data-driven platforms with global publicly available information

The Flashpoint Firehose delivers a fast and reliable stream of publicly available information **sourced from a unique range of global networks.**

Enriched with natural language processing (NLP) to provide geospatial information and language detection, the Firehose provides valuable inputs to fuel mission-critical data and AI products. This always-on data stream accelerates speed-to-insight and enables national security and technology organizations to improve situational awareness and analyze patterns and trends in public sentiment worldwide.

## Key Benefits

- Accelerate speed to insight with access to data within minutes of ingestion by Flashpoint
- Close information gaps with unique global sources
- Extract meaningful information with NLP enrichments

## Data Sources

## What's Included

- ✓ **Full fidelity access to collected data**  
The Firehose rapidly delivers all data ingested by Flashpoint within a matter of seconds
- ✓ **Global coverage of social media and discussion sites**  
Including sources from North America, the Asia Pacific, Europe, the Middle East, and Africa
- ✓ **Geospatial enrichments**  
Providing location information found in post metadata or references within the post
- ✓ **Language detection**  
Uses natural language processing to automatically detect languages in posts, providing a valuable data point to enable additional data filtering and parsing within your workflows

## ABOUT FLASHPOINT

Flashpoint is the pioneering leader in threat data and intelligence. We empower commercial enterprises and government agencies to decisively confront complex security challenges, reduce risk, and improve operational resilience amid fast-evolving threats. Through the Flashpoint Ignite platform, we deliver unparalleled depth, breadth and speed of data from highly relevant sources, enriched by human insights. Our solutions span cyber threat intelligence, vulnerability intelligence, geopolitical risk, physical security, fraud and brand protection. The result: our customers safeguard critical assets, avoid financial loss, and protect lives. Discover more at [flashpoint.io](https://flashpoint.io)
